Overview Text:

Discover the fascinating botanical connection between two of nature's most celebrated plants. The Hops & Hemp Experience takes you on a journey through Kansas City's thriving craft beer scene while exploring the science of cannabis pairing. Both hops and cannabis belong to the same plant family (Cannabaceae) and share similar aromatic compounds called terpenes, making them natural pairing partners.

Over 4.5 hours, you'll visit two of Kansas City's premier craft breweries, including the iconic Boulevard Brewing Company, and learn from expert guides about terpene profiles, flavor pairing, and responsible consumption. This educational experience combines the artistry of craft brewing with the sophistication of cannabis culture, creating an unforgettable journey for beer enthusiasts and cannabis connoisseurs alike.

TOUR 2: Taste of Kansas City Tour
